**College of DuPage Continuing Education**

Each summer, thousands of students entering kindergarten through high school join us for enrichment and review classes at off-campus sites.

Additional classes at the College of DuPage campus in Glen Ellyn include weekly day camps, enrichment classes, and gifted programming.

Visit the Continuing Education website ([myaccess.cod.edu](http://myaccess.cod.edu)) for the complete schedule.

**Register early! Go to [myaccess.cod.edu](http://myaccess.cod.edu) for instant enrollment.**

Please note: A 100% refund is given for withdrawal up to one business day prior to the start date of the class. Parents are responsible for contacting the Continuing Education office prior to class start date to drop student(s). Call (630) 942-2208 for any further questions.

**For Americans with Disabilities Act accommodations, call (630) 942-2141**

The college will not discriminate in its programs and activities on the basis of race, color, religion, creed, national origin, sex, age, ancestry, marital status, or unfavorable military discharge, citizenship status, physical or mental handicap or disability.

**ENRICHMENT CLASSES** – designed for the grade your child is entering in fall 2009

Algebra Basics (6-8): Prepare for or review algebra basics in this comprehensive course that improves your comprehension of algebraic symbols and terms, equations, signed numbers, polynomials, inequalities and factoring. A must for struggling algebra students. \$114  
Code# YEMS-0009-003

Clay Animation Station (3-5): Be an animator! A computer art instructor helps you create claymation characters like Wallace and Gromit using clay, drawings and other still-art forms. Use stop-motion photography to create a short film. Art supplies included. \$114  
Code# YEEL-0001-015

Dino-Explorers (1-2): Explore the world of these giant and mysterious creatures through hands-on, discovery-based learning. Make a fossil cast, perform experiments, work on a life-size dinosaur model, complete an art project and participate in a simulated excavation. \$114 Code# YEEL-0011-001

Experiment Extravaganza (3-5): Explore the exciting world of science. Perform experiments with water, chemicals, magnets, light and dark, gravity, and more. You will be amazed at what you learn through hands-on activities involving ordinary ingredients. \$114 Code# YEEL-0011-006

Kindergarten Bridges (PreK): Ease your preschooler's transition to kindergarten through participation in a supportive classroom environment. Children practice pre-reading and number skills, learn social skills, and explore interests by moving between learning centers. \$194  
Code# YEKG-0001-001

Kitchen Chemistry (1-2): Perform scientific experiments using ingredients found in the kitchen. Discover principles that cause mixtures to fizz, foam, explode and even disappear. Children are involved in safe, hands-on activities that can be repeated at home. \$114 Code# YEEL-0011-016

Math Challenge (1-2): Develop problem-solving abilities and build essential math skills using puzzles, card tricks, games and riddles. Devise puzzles of your own to stump classmates and get excited about math as your arithmetic skills improve. \$114 Code# YEEL-009-004

Reading Boosters (1-2): Help your child succeed in school by improving reading skills. Specialized instruction builds confidence while improving phonics, word analysis skills, vocabulary and reading comprehension. \$114  
Code# YEEL-0015-004

Study Skills (6-8): Learn strategies for more efficient studying and learning. Topics covered include organizational skills, time management, reading with a purpose, study strategies, and test taking skills. \$114 Code# YEMS-0012-003

**ACADEMIC CLASSES**

Kick Start Classes – designed for the grade level your child is entering in fall 2009
