

Advocate and encourage continuous improvement across the district:

- Ensure the Board acts in alignment with the district's strategic plan
- Explore improvements in educational practices at local, national, and global levels to find ways to achieve district goals within resource constraints
- Understand, prepare, and advocate legislative changes in federal and state standards
- Regularly assess and improve Board performance and alignment with goals
- Review and revise Board policies on Personnel, Students, and others as needed

Emphasize and support improved student learning for all:

- Focus on equity to close the achievement gap
- Hold high expectations for all students
- Ensure the district provides a comprehensive education that addresses students' academic, social, and wellness needs

Address the district's changing financial needs:

- Ensure ongoing funding of current programs
- Support funding for improved student learning for all
- Examine the decisions of relevant community groups and organizations in order to determine and balance the impact on students and school district operations
- Reports that monitor the infrastructure projects associated with the referendum and the budget for those projects

Enable and sustain a collaborative and inclusive culture:

- Further strengthen communication and collaboration with Glenbard District 87
- Maintain good working relationships and continued outreach with all stakeholders (students, staff, parents, and community)
- Ensure support for the ongoing transition and development of new staff

CCSD 89 Board of Education has prioritized the following goals for the 2023-2024 school year.

- Maintain good working relationships and continued outreach with all stakeholders (students, staff, parents, and community)
 - Monthly updates through Board Committee Reports
 - Updates on Community Engagement (via Liaison work & Superintendent events)
- Ensure support for the ongoing transition, communication and development of staff with an openness to leverage new perspectives
 - Updates on Professional Development & Wellness of staff
 - Updates on potential areas of program improvement

Emphasize and support improved student learning for all:

- Focus on equity to close the achievement gap
 - Updates on equity and progress towards closing achievement gaps
- Ensure the district provides a comprehensive education of students that addresses the academic, social, and wellness needs
 - Updates on the academic, social and wellness of students (via MAP, IAR, BESS, etc)
