

COMMUNITY CONSOLIDATED SCHOOL DISTRICT 89

Learning for Life

This is Phase 3 of Community Consolidated School District 89's community engagement efforts being conducted this school year to collaborate on a long-term infrastructure plan for our schools. Working together, we will develop a fiscally responsible plan that protects our infrastructure, improves educational environments, keeps our students and teachers safe, and provides property tax relief.

Your feedback in this phase will help determine a possible final plan in Phase 4. Thank you!
