Administrative Transfer Policy

Voluntary Administrative Transfer (at request of Principal)

In order to maintain class sizes within those stated in Policy 600:35 (Class Size) and its accompanying regulation, a principal may request parents of a specific grade level to consider a voluntary administrative transfer to another school outside of the normal home attendance area of the school that has smaller class sizes.

BOE Policy - 500:30-R

Involuntary Administrative Transfer

Involuntary transfers of a child to another school outside of the home school may be required if voluntary transfers do not bring the class size within the limits set by Policy 600:35 and its accompanying regulation. The transfers will be made based on the latest date of enrollment for new student enrollments. Involuntary administrative transfers will apply to new enrollments of families first, so that all children within the family may be considered, followed by new individual student enrollments.
