Our Acceptable Use Policy (AUP) includes the rules and regulations that our students and staff must follow in order to use the district's technology tools and online resources. The official AUP is posted on the district website. Here are the expectations:

<p>I will:</p> <ul style="list-style-type: none"> ● Follow the rules. ● Listen to my teacher. ● Be kind to others. ● Be careful with equipment. ● Take my turn and give the computer to the next student when it's time. ● Put what I read into my own words. ● Print only when my teacher tells me. ● Use technology only for school work. ● Tell my teacher if I see something wrong or bad. 	<p>I will not:</p> <ul style="list-style-type: none"> ● Share information about myself or my family online. ● Talk to strangers online. ● Be mean to other students online. ● Tell anyone my password. ● Copy others' work. ● Use another person's username.

I understand that my child as a user of school technology resources accepts responsibility for their actions and conduct in using these resources. The use of all electronic devices and networks is a privilege, not a right.

I am aware that if my child does not follow the rules there may be a disciplinary action and that appropriate persons and/or authorities will be notified. I understand that if the device/software/equipment has been stolen, lost or damaged, it will be my responsibility to pay for the cost of repair or pay for a replacement device/software/equipment.

I have spoken with my child about this Acceptable Use Policy.
