

Virtual Learning

Now offering hands-on programs **VIRTUALLY!**

This school year is bringing a new set of challenges and DuPage Children's Museum is here to help navigate the complexities.

STEM with DCM

Virtual Labs for Grades 1 – 3

Choose from a variety of virtual STEM Labs that empower students to be the primary drivers of their own learning. Each lab is designed to spark curiosity and promote critical thinking through hands-on discovery.

Each 45–90 minute lab is led by an experienced DCM educator providing academic enrichment that is fun for the students and easy for their adults.

-  Build A Bridge
-  Citizen Scientist
-  Wings & Things
-  Weather Station
-  Sound All Around
-  Shadow Science

Arts & Maker After School

For children ages 4 – 12 years

Arts and Maker After School is a virtual program that provides a unique opportunity for children to create art, explore engineering, collaborate with their peers, and pursue their interests. Working both independently at home and online with DCM's Arts and Maker staff, budding artists and engineers will find joy in the process of investigating and making.

A Materials Box with a plethora of versatile building/art supplies is included with each registration.
